## **EDGIC Artist: Elisheva Nesis**

Profound influences have led Russian born EDGIC Artist Elisheva Nesis on a journey that continually looks for signs of mysteries in our life and studying evidences of their penetrations into the real world.

The muses of her creation are formed through myths and fables and detect mysterious penetrations of ancient telling through cellular memory patterning that open to questioning that we are more than what we appear to be.

Daring to take the normal mode of being and express through creative skills that take the viewer into a space of reverie at the unusually familiar yet unfamiliar scenarios which Elisheva presents as her musings, for people to claim.

This EDGIC Artist studied fine art in Russia (Stavropol Art School) and Israel (Bezalel Academy of Fine Arts).

She received her M.A. Degree in writing in Moscow Literature Institute and D.M. Degree, as well as postgraduate course in psychiatry in Stavropol Medical Academy.

She is also a Fellow of Israel Professional Artists Association (IPAA).

Elisheva Nesis boasts more than 250 paintings and drawings in private collections and museums in USA, Germany, UK, France, Israel, Russia, Ukraine, Canada, Italy, Australia, Netherlands, Ireland, Greece, Austria and Luxemburg.

Elisheva Nesis personal quest for excellence in honoring her great talent says that it was natural to settle in Jerusalem, the most mysterious place in the world. This city has a great influence on her paintings and she continues with diligence and focus on bringing the mysterious to life through her art.
