Entrepreneur Artist and Investment original tetkaART strategy Consultant: Tetka Rhu

tetkaART is a lifeSTYLE

Good Karma lights up YOUR life

Good Karma original tetkaART Limited Edition Canvas Prints

Delivering Good Karma vibrations sees Designer Artist Tetka Rhu take steps to power and empower peoples' lives so that they are no longer chained and bogged down by the mentality of past paradigms that no longer serve the fast-paced frequencies of higher dimensional realities through the Material Plane in Physical Reality

Natural and Universal Laws harmonized through the release of Good Karma original tetkaART Limited Edition Canvas Prints Collection for people who own their power and claim their rightful heritage on the Earth. The message of Tetka's actions in moving through past lineage into a new timeframe breathes new life into any environment where Good Karma original tetkaART Limited Edition Prints sits in resplendent honour as a daily reminder "YOU have the power" It's time to wake up to your greatness.

Overseen by the Overlords of Karma, the directives given as well as eXperiences that arrived in undertaking a personal quest for LIGHT and LOVE to be the Way of NOW through a Good Karma 35 day meditation process allowed Tetka Rhu to accept the mantle of authority crowned by spirit to deliver mankind the POWER of NOW through Good Karma original tetkaART Limited Edition Canvas Prints.

Personal mastery has seen Tetka Rhu overcome many obstacles that allow her to express without inhibition of what is expected and move into a space of the subject at hand where the flow of creation surges through with the brilliance of long held memories released. The stories expressed through original tetkaART balance the yin/yang, negative/positive, male/female aspects of self into a cosmic reflection that the power consciousness of our inner truth holds sway in the earth template of the Collective Consciousness.

Recognition of Tetka Rhu's sacred gifts are honoured by her visionary global Art Collectors and Art Investors in the Primary Art Market as an Artist of the Future NOW, who participate in her purpose to bring Light into darkness through their investment strategies to leverage their goals and plans that see a snowball effect for the freedom of choices to be a natural aspect of living with dignity.

To OWN an original tetkaART is to acknowledge that tetkaART is a lifeSTYLE

The force is with YOU
